Apr 20, 2022 Adobe® Flash® Professional CS6 software is a powerful authoring environment for creating animation and multimedia content. I would also include in this category those battles that evolved into movements. The Mormons versus the anti-Mormons, Progressives versus Conservatives, and Nazis versus other groups are battles that are similar to the Crusades. Their goals were divergent, but the intensity of the perceived threat was high enough to create a mini-culture war that led to a lot of collateral damage that hurt the reputation of the parties involved and made them look bad. So we have, for example, the sexual free-for-all, but I don't think the 1960's counterculture was a movement. I think of them as a collection of groups with similar goals that tended to fight each other, or their enemies, wherever they happened to be. And then there is the Enlightenment, which I would consider a movement, simply because it involved a coherent body of knowledge, both theoretical and practical, that had power and support, which was carried
