In the wake of the horrific shootings at an art gallery in the Midtown section of Manhattan, the city's arts world has come together in mourning. New York University has announced that it will be shut down through the rest of the week, and is offering counseling for all of its students and staff. In the aftermath of the attack, the art world has come together in mourning — the work of John Singer Sargent, American portrait painter, is among those on display at the Metropolitan Museum of Art, and stands as a memorial to the lives lost. Read on for a list of a few select events taking place in the art world throughout the city. To see more events click here. 'Opening Reception for the New York Cast' The first New York-based exhibition of the National Portrait Gallery's "NPGcast" series takes place in front of the Metropolitan Museum of Art. s rep for being "a faggot" after showing love to Kanye West and The Weeknd. Octavian has faced criticism after he was seen in an Instagram post by Younes Bendjima as saying he wouldn't do a cover with BTS. Octavian was also criticized for being a "faggot" after he loved Kanye West, The Weeknd, and Daft Punk in Instagram posts that were published in October 2016. In an interview in October with music publication JustJin, Octavian opened up about his gay experiences and attracted criticism for saying he wouldn't do a cover with BTS because their "gender thing is acting like a faggot." "What happened was, I had a meeting with BTS and they said, 'Hey, can we do a cover song?' I was like, 'I'm doing my album and they're on my album too, they can't come out.' And because I have all their songs, I see them everyday. They just asked me about it and I said, 'No, no. I'm not doing anything with them because they are boys and I respect them,'" Octavian said. "Why would I do a cover song with them if I can't do a cover song with them? Why would I respect someone who would disrespect me? Like if I get tired of being a faggot and start being cool, I'm a faggot still. The whole thing is not fair. That's what it is. It's either you become a faggot or you become a cool guy, it's that simple." Octavian has yet to provide a response for his comments with the relevant publications and an apology for his comments hasn't yet been provided, so it remains to be seen what his plans are for 2018.Q: How can the  $L^p$  space be closed under multiplication?
