The Elden Ring (the Orc Race) is a race of warriors born from the Orc tribe. People commonly call them giants because their bodies are large and well-built. The Elden Ring is the strongest race and has the highest potential. In the Elden Ring, the best warriors are given a responsibility to guard and protect the power of the Elden Ring and to guide people of the Elden Ring's race for the future of the world. The mission of the Elden Ring is to guard and protect the will of Elden. The will of Elden is a mysterious force which is the source of power and life. The will of Elden is born from the power of the nine rings, each of which is different and yet based on the same will. The depth of the will of Elden is unfathomable and is said to reside in two places: one is the Unknowable regions of the heavens and the other is the unknown regions called the Lands Between. The will of Elden is the birthplace of the land, the power that creates the world and decides the destiny of life. Players can experience the will of Elden through combat and riddles. Depending on the rings that you wear, you can improve your attributes. You can enhance your will with power through the Rings and assist each other through the Unknowable regions with the Elden Ring's Pendant. What's new:

Bengtsson,Funomena

Bengtsson is probably best known for being the Director on the films The Social Network, The Girl with the Dragon Tattoo, and The Girl Who Played with Fire. As an indie game designer, he has created the award-winning Matching Numbers, which has also been expanded into a massively successful indie game franchise featuring music by the Swedish band The Sounds.

Given the huge success of games, will this new 21st century technology be one of the building blocks that allows for the creation of a true successor to Persona? Could we see one day more titles based on Persona?

HOW TO PLAY

Steam

Go to "Games" in your Steam client. Select the game, right click and select "Properties". The page that appears will allow you to select your preferred language for the game. Choose your preferred locale and you will be on your way.

Known Issues
To fix the game not running in the Steam client select "Steam", click "Play offline". Press "check to load full list" and the game will resume in the Steam client.

New Issue
If you notice a black screen while trying to play, it most likely means that you need to patch the game to run it at more than 35 FPS. In order for this to work, turn off your anti-virus software and try the game again. If you still have issues, create a Steam Beta key and try to play again. If that

also fails, contact Steam support.

PS4/PS3

Access the store of your system of choice and go to "My games". There will be an icon named
